

About the Builder

ONE REMARKABLE EXPERIENCE AND A SIMPLY LUXURIOUS LIFESTYLE

Epcon Communities is the nation's preeminent developer and builder of single-level living communities.

In 1986, Ed Bacome and Phil Fankhauser recognized home builders had overlooked the needs and preferences of one of the most important contributing segments of our society.

These buyers needed or preferred to avoid stairs, wanted sunlit homes with easy access to usable outdoor space, community amenities for recreation and socialization, and lawn maintenance services for a more carefree lifestyle. Ed and Phil founded Epcon Communities in Dublin, Ohio, to meet these needs, and this founding principle has sustained the company ever since. Today, Epcon's Signature Courtyard single-family homes all offer main-level owner's suites, optional second-level bonus suites, and Epcon's unique private, garden courtyards.

Buyers who choose Epcon Communities enjoy high-quality, low-maintenance living with optimal comforts and easy manageability. More than 450 Epcon communities have been established across the country, earning Epcon the distinction as the nation's preeminent builder of luxury single-story homes and residential communities.

ED BACOME AND PHIL FANKHAUSER

"We believe that great home design can improve lives and create stronger communities."

PHIL FANKHAUSER

A Simply Luxurious Lifestyle

THE PERFECT BALANCE OF COMFORT AND CONVENIENCE

Epcon Communities started with the simple idea that smart floorplans, high-quality building materials and the right amenities, combined with a low-maintenance lifestyle, provide an ideal environment for homeowners. Epcon communities are designed to help you live well every day. With many Epcon communities offering amenities such as a clubhouse, swimming pool, fitness center, bocce ball, fire pit, community garden, parkettes, multiple ponds or walking paths, the homeowners can enjoy a resort-style living experience as well as a convenient place to gather for clubs or community events.

We've designed The Courtyards of Carmel to be a private retreat, surrounded by today's modern conveniences.

ENJOY ADDED PEACE OF MIND

Your home closing is coming, and you're anxiously counting the days. As we wrap up the final finishes, we want to make sure everything has been completed so that it meets our high standard for quality construction.

To ensure that happens, Epcon employs QualityMark®. It's a quality control process managed independently from our construction crews. Staffed with experts who can provide a fresh eye, the QualityMark® process is a thorough inspection of your home several days prior to closing.

As the QualityMark® inspectors go through your home, they will make a list of any items that need attention or correction. Epcon then takes the necessary steps to correct them before you move in. Our goal is to deliver a beautiful new home that is move-in ready at closing, not months down the road.
